RALEIGH, N. C., Oct. 4.—Women are not liable for jury duty in North Carolina by virtue of the nineteenth amendment to the Federal constitution, according to an opinion by Attorney General Manning. The attorney general ruled today that the right to vote plays no part in the qualifications of a juror and that it will require a legislative act to impose the liability of jury service upon women.

LARGE CROWD SEES THE OLD SOLDERS DEPART

The old soldiers and their friends who left over the Texas Midland yesterday afternoon for the State reunion at Houston presented an interesting picture as they gathered at the Union depot for their departure in a special coach that had been prepared for them.

The coach had a long strip of cloth on each side which bore the words: "Albert Sidney Johnson Camp No. 70 U. C. V., Paris, Texas." Small Confederate flags were attached to the strips.

The coach was filled about to its capacity when the train pulled out, but everybody was in fine spirits and full of life. Amon Smith, the old-time fiddler, who has won many prizes in old fiddlers' contests, was on hand with his violin and played "Dixie" and other martial selections.

Just before the train pulled out the Daughters of the Confederacy presented a heaping basket of fruit to the old soldiers.

In addition to the list that appeared in the News Sunday morning Commander J. T. Webster stated that he issued certificates for the trip yesterday to W. F. Martin of Pattonville, J. A. Bircham of Paris, and S. R. Stiles and J. C. Stribbling of Detroit. Eleven old soldiers came down on the Frisco from Antlers, Okla., and secured passage in the special coach.

In addition to the old soldiers R. L. Johnson and wife and T. S. Patterson and J. E. Harvey of Paris were amon gthe number to whom certificates for the trip were issued yesterday. Ten old soldiers came in on the Frico Sunday morning and left for Houston and fifteen more from Oklahoma left Sunday afternoon.

Capt. J. W. Dickey made up a party to go over the Santa Fe from Roxton.

BODY OF ROY CARTER WILL BE SHIPPED TODAY

Mrs. Bessie Ellis Carter received a telegram yesterday announcing that the body of her husband, Lieutenant Roy Carter, who was killed in France, would leave Hoboken, N. J., this morning. It will arrive over the Texas & Pacific probably on Friday at noon under military escort. The funeral will be under the direction of Winfield Brown post, American Legion and the services will be held at the First Baptist church. The hour for the funeral will be announced later.

VETERANS GATHER TO PARTICIPATE IN JOINT REUNION

Houston Decorated With Flags And Bunting In Honor Of The Soldiers Of The South.

OPENING SESSION WILL BE WEDNESDAY MORNING

Gen. K. M. Van Zandt States That He Will Not Be Candidate For Commander In Chief.

By The Associated Press
HOUSTON, Oct. 4.—The world war as an event of history paled into insignificance tonight as hundreds of Confederate veterans gathered in "billets" or hotel lobies here and refought the battles of '61 to "66. The old soldiers are in Houston to attend the joint reunion of the United Confederate veterans, the Southern Confederated Memorial association and the Sons o fConfederate Veterans which begins tomorrow.

Special trains with the regular trains on the 17 railroads entering Houston brought the veterans with their wives and descendants into the city today an tonight by the thousand. More than 50 special trains from all parts of the Old South are scheduled to arrive before Wednesday noon and by that time between 50,000 and 75,000 visitors will have reached the city, it is estimated.

As each train pulled in today the champions of the cause of the Confederacy stepped off, apparently wearied by their long journeys. However, at sight of the Stars and Bars, which torm the basis of the elaborate decorations, they seemed to forget their fatigue. Their step quickened and their eyes sparkled with the fire of enthusiasm kindled more than fifty years ago.

Decorations Numerous.

The decorations which greet the arriving delegates from a riot of color with the several flags of the confederacy mingling with a profusion of Stars and Stripes. The flags and bunting form lanes from each of the three railway stations to the center of the downtown district. At the railroad stations the visitors are registered and assigned to "billets" in school buildings, if veterans, and to private homes in the city if visitors who have no hotel reservations.

The first session of the joint reunion will be held tomorrow afternoon by the Memorial Association. The Sons of Veterans will hold their first meeting tomorrow night and the opening of the Veterans will be held Wednesday morning.

At the Wednesday morning session, Governor W. P. Hobby, representing the State of Texas, Mayor A. E. Ammerman of Houston and Judge Norman G. Kittrell, representing the Texas Confederate Veterans, will deliver addresses of welcome. The session will be opened by General E. W. Kirkpatrick, commander of the Texas division of the veterans, who will turn the chair over to General K. M. Van Zandt, of Fort Worth, commander in chief of the organization.

Van Zandt Not Candiate.

General Van Zandt, on his arrival tonight declared he would not be a candidate for re-election. His refusal to run again, which contradicts information given out earlier in the day, will precipitate a fight among the higher officers of the organization to succeed him, according to other officers now in the city. Another contest, they said, will be on the selection of the next reunion city. Savannah, Ga., and Little Rock, Ark., it was said have sent notice that they will be candidate for the honor and it was stated that Louisville, Ky., also may extend an invitation to the veterans.

The first special train which arrived today brought the Washington, D. C. quota and part of the Virginia delegation. Four hundred persons were on the train. Delegations from other southern states followed on special trains arriving later.

In addition to General Van Zandt, tonight's arrivals among the higher officers of the veterans' organization included Lieut. General Virgil S. Cook, of Batesville, Arkansas, commander of the trans-Mississippi department; Lieut. General Julian S. Carr, Durham N. C., commander of the department of the army of Northern Virginia and General Felix Robertson, of Crawford, Texas, commander of the second division of the Forest Cavalry.

Both General Cook and General Carr have been mentioned as probable candidates for the position of commander in chief of the veterans in the event General Van Zandt does not make the race.

Sons Broke Record.

The Albert Sidney Johnston camp of the Sons of Confederate Veterans of Houston tonight ended a four weeks drive for members, with a total of 1,306. This breaks the record established by a Macon, Ga., camp just prior to the reunion there several years ago, when its membership was boosted to 1,156.

TWO LOSERS IN BASEBALL FIXING WILL NOT TESTIFY

By The Associated Press
NEW YORK, Oct. 4.—District Attorney Swann announced tonight he had obtained the names of two New York men who lost $75,000 in bets whic hthey were persuaded to place on the Cnicago Americans in the 1919 worlds series by another New Yorker, who, the district attorney declared, was the ring-leader in "fixing" games. One of the men lost $50,000 and the other $15,000 he said.

"I can't persuade them to come here and tell me or the grand jury about it," District Attorney Swann said. "Both say they were persuaded by this 'master mind' to place bets and that they lost and he won. But they both tell me they know about the games being fixed."

Mr. Swann declared he had been unable to get any witnesses for the grand jury investigation, although he is seeking Abe Attell and two others. He said he had received no word from Rothstein.

Organization Postponed.

At the meeting last night in the interest of an athletic club it was decided to postpone organization and a committee was appointed to secure a larger membership. Another meeting will be held next Monday afternoon at the American Legion hall.

POLE WITH DYNAMITE TELLS QUEER STORY

Claims To Have Worked As Tailor, Miner And Concrete Laborer In Brief Time.

By The Associated Press
PITTSBURGH, Oct. 4.—Florian Zalenka, arrested here last night with a quantity of dynamite percussion caps and fuse in his suit case, was sent back to the city prison tonight from the local office of the department of justice where he was closely questioned during the afternoon regarding his movements for the past several months. The questioning, department of justice agents said, would be resumed tomorrow.

Government agents in Logan county, W. Va., and in Cincinnati, Ohio, are tracing Zalenka's movements in order to see whether they agree with his story told during the afternoon. Zalenka, who was reported by Leon Konkel to the police as having referred to the Wall street explosion, while they were riding from Cincinnati to Pittsburgh yesterday, told federal agents that on that day he was working as a tailor for the Wilmer Clothing company at Rockaway street and Rosedale avenue, Brooklyn.

Soon afterward, Zalenka told the agents, he obtained employment with the Island Creek Coal Company at Whitman, Logan county, W. Va., and left New York September 24 for that place. After working a few days as a coal loader he gave up his job and went to Cincinnati; from there he came to Pittsburgh. At Whitman, he said he had bought the explosives for use in his work at other miners did and having it on hand when he quit took it with him. Efforts were made by the government to get in touch with the Island Creek Coal company at Whitman this afternoon as Zalenka had in his pocket a brass check numbered "596". Such checks are given miners in many coal fields of West Virginia.

The federal agents also endeavored to confirm a statement by Zalenka that during the war he had been employed as a laborer on concrete work at Nitro a suburb of Charleston, W. Va., where the government began the erection of an explosive plant. This work, Zalenko told the agents, he abandoned because it was too hard, returning to New York.

Zalenka is a Pole who, according to his story, came to this country in 1914. He speaks enough English to be understood but much of his questioning today was in his own tongue.

HARDWARE DEALERS WILL MEET IN PARIS TODAY

The Third District Texas Retail Hardware Dealer's Association composed of fifteen counties in North and Northeast Texas will convene at 1 o'clock this afternoon at the Chamber of Commerce for a two days session.

Avery Dowell of McKiney is the president of the organization and Ben L. Billingsley of Paris the secretary.

A good attendance of delegates is expected to be present to discuss matters of mutual interests to the trade. The usual courtesies are expected to be shown to the visitors and they will be entertained with a banquet at the Hotel Gibraltar tonight.

The convention will hold only one session tomorrow, which will be in the forenoon.

PRICES OF ALL GRAIN LOWEST IN TWO YEARS

By The Associated Press
CHICAGO, Oct. 4.—Wheat futures declined 10 to 12 cents a bushel today in the principal grain markets of the west, in some cases touching new levels not before reached since the government established the wartime wheat price.

December deliveries closed in Chicago and St. Louis at $1.95 and $1.95½ and at Kansas City a lower level was reached at $1.91. At Minneapolis the December option closed at $2.00, a drop of 11½ cents from Saturday.

March options closed: at Chicago 1.91 to 1.91½; at Kansas City 1.87¾; at St. Louis 1.93½; at Minneapolis 1.98.

Declines in wheat were reflected in new flour quotations from Minneapolis, declines of 60 cents a barrel being reported by two mills, bringing flour to $11.30 to $11.55 a barrel in quarter-barrel sacks.

Corn and oats likewise touched new lot levels, equaling quotations of 1916 and 1917 for the December options. December corn closed today at Chicago 85 ⅞ to 86c, compared with $1.21 six weeks ago, and $1.76 ½ in July, 1919. Cash corn at that time reached $2.10.

Oats established new low records in December and May deliveries, closing at 55c and 59c on the Chicago Board. In May of this year, May options went as high as $1.08½.

Lack of export demand and free Canadian offerings are given as causes of the decline in wheat, and corn and oats are reflecing the wheat situation.

METHODIST CHURCH ORGANIZED AT SLATE SHOALS

Rev. G. H. Brown, pastor of the Paris Circuit, closed an interesting fifteen days revival meeting at Slate Shoals Sunday night in which he was assisted by Arthur Busby of Caviness. There is no church of any denomination at Slate Shoals, and the meeting was held under a bunch of bois d'arc trees.

There were 17 conversions and professions of faith as a result of the meeting.

At the close of the service Sunday night a Methodist church was organized.

Mr. Brown began a revival meeting last night at El Bethel church, six miles west of town.

Parley's Day Dream.

By The Associated Press:
BRIDGEPORT, Conn., Oct. 4.—Parley P. Christensen, presidential candidate of the farmer-labor party, in an address at a meeting said the pary would carry several states. "I predict that we will take enough votes away from Daddy Harding to throw the election into the house of representatives," he declared.

Engaged In Patch Work.

The city had a crew of men employed yesterday in patching up Lamar avenue from 26th street to J. S. Baker's home beyond 28th street.

NOTHING TOO GOOD FOR THE IOWA HOG

By The Associated Press
DES MOINES, Iowa, Oct. 4.—In Iowa nothing is too good for the hog. This afternoon Baby Hawkeye Giant, an eight months old junior champion porker weighing 350 pounds, and valued at $10,000 arrived at a downtown hotel in an expensive automobile, walked into the hotel lobby on carpets spread especially for his visit, was registered for by W. J. Carmichael, secretary of the National Swine association, posed for a picture and then snorted his way haughtily in the elevator and rose to a tenth floor corner front room, where he was to spend the night.

TEXAS MIDLAND HAS NEW PARIS OFFICE

J. M. Symmonds Comes Here As The General Agent With Uptown Location.

Announcement is made by F. B. McKay, general freight and passenger agent of the Texas Midland, that effective October 1st, J. M. Symmonds, general agent of that road, will permanently remove his headquarters from Terrell to Paris.

This change has been brought about by heavy increase of traffic over the Midland since the roads were released from Government control, which has created the necessity of a direct branch of the traffic department in this city.

Mr. Symmonds' office will be located up town and will be equipped to co-operate closely with shippers and the traveling public and will add very largely to the convenience afforded by the Midland in this territory.

Mr. Symmonds is one of the old and leading employes of the road and will remove his family to Paris when a suitable residence can be found.

Mr. B. L. Aldis will continue in charge as local agent of the Midland and will also have charge of the passenger addition to the station when completed.

AN AUTOMOBILE EXECUTES A DOUBLE SOMERSAULT

While M. Z. Wright, colored, was driving a fine automobile yesterday afternoon on South 20th street, he reached Washington street just as a truck came along.

Seeing that it would be impossible to keep straight forward without a collision he tried to turn east on Washington street. The turn was so abrupt and the forward momentum so strong that it caused the auto to buck up in the air.

It was claimed that it executed a double somersault and landed straight upon the wheels, but sustained considerable damage.

The negro was arrested on a charge of speeding.

POLISH SUCCESSES DELAY MAKING PEACE TERMS

By The Associated Press.
WASHINGTON, Oct. 4—Failure of peace negotiations between the Poles and Bolsheviki at Riga was forecast in official advices received today. Continuing Polish military sucesses and the increasing strength shown by General Wrangel, anti-Bolshevik leader in southern Russia, were said to be influencing the Poles not to make peace at this time.

General Pilsudski, Polish leader, was said to favor breaking off negotiations and the reaching of an understanding between Poland, the Ukrainians and General Wrangel. As a step in this direction, it was reported a Ukrainian mission recently visited General Wrangel and concluded a satisfactory agreement.

THROWN UNDER THE HEELS OF A FRIGHTENED TEAM

Isom Dockery, a farmer of the Jennings community, had a narrow escape from being killed while he was hauling baled hay from the field to the barn Saturday.

A bale rolled off the wagon just as he was driving through the lot gate, which caused the team to take fright, and in plunging forward the sudden jerk pitched the farmer out.

He landed on a stay-chain right at the heels of the horses, which began to kick wildly, but before serious harm was inflicted a Mr. Higdon, who was assisting him to haul the hay, ran forward and dragged him out from under the heels of the team.

He was severely bruised but no bones were broken.

Earthquake In California.

By The Associated Press
EUREKA, Calif., Oct. 4.—Two slight earthquakes were felt here today. One was at 5 a. m. and tonight at 9 o'clock a more prolonged and severe quake was felt. No damage was reported.

Had An Arm Broken.

Mack, the five-year-old son of Dr. J. L. Ruff of Jennings, who had climbed up on some timbers where a new school house is being built, fell a few days ago and broke an arm. He sat in his father's lap with cool nerve while the latter set the broken limb.

For Failing To Dip Cattle

Four complaints were filed in the County Court yesterday for failing and refusing to dip cattle. Inspection was made of the cattle after the owners had failed to dip and ticks were said to have been found on all of them.

Cottonseed At Arthur City.

The Paris Fuel Company is said to be paying $36 per ton for cottonseed at Arthur City. It was reported that last week the price ran up as high as $44 per ton on account of competition between the fuel company and the local gin.

Was Not Favorably Impressed.

Miss Daisy Hurt, a former teacher in the Paris schools, who recently left for Havana, Cuba, to teach in a girls' college, is on her way back home. She was not as favorably impressed with the little island republic as she had anticipated.

ROXTON DEMOCRATS WIN LAMAR PENNANT

Further Contribution Made To The Democratic Campaign Fund.

Pat Warner is in with another list from the democrats of Roxton, this time with $54; Mr. Warner made a personal contribution of $10, and another of $25; and he sent a list of $143 on the first occasion. With a total contribution of $207 to be credited to Roxton, it looks very much like that democratic stronghold has won the pennant for the Lamar county list.

Petty has credit for $1 and Blossom for $1 to date, while Paris has not gone much further than $100 and $45 of that came from three men while seven others contributed $35—ten men have put in $80 of Paris funds.

This Warner man is a hustler and he has fully sustained his reputation of being able to inspire the folks of Roxton in the democratic faith.

They have been cheerful contributors and if there were a few more like them scattered about over the county Dr. Marshall and Ed McCuistion would not be studying nights over the possibilty—aye, the probability—that Lamar will be among those counties marked "deficit" when the final accounting for the pledges is made.

Turn Pat Warner loose and he might be able to raise the entire sum in Roxton precinct—but that would not be fair to Roxton, which has fully done its share.

Chicota, Biardstown, Glory, Arthur City and several other communities in this county are still to be heard from for even one dollar and they certainly should be able to do as much as Roxton has done.

CAPTAIN JOHNSON WENT DOWN WITH HIS VESSEL

By The Associated Press
NEW ORLEANS, Oct. 4.—Only one person of the 24 who, on September 25 sailed from Belize, British Honduras, on the steamship Speedwell, which was wrecked in the Gulf of Mexico during last week's tropical hurricane, was unaccounted for tonight.

Captain Charles Johnson, of New Orleans, master of the vessel, and Frank Romoneur, chief officer, were among those lost, according to wireless reaching the Otis Manufacturing company, charterers of the Speedwell today.

Captain Johnson, according to the company, following the traditions of the sea went down with his ship.

Not until the Lake Superior reaches Santiago, Cuba, will many details of the wreck be cleared up, this ship having on board 12 rescued members of the crew and one passenger, J. J. Schultz, of New Orleans.

The Sunoil picked up a boat with 9 persons from the Speedwell, of which number five were dead. The death of the captain accounts for 23 of those on board the wrecked ship. Of the five dead picked up by the Sunoil th wireless reports stated the number included the mate and two women passengers. As the boat had three women on board when she left Belize it is not known tonight whether the third woman was saved or whether she is the unaccounted for person.

NEW GOLF RECORD FOR WOMEN BY MISS HOLLIS

By The Associated Press
CLEVELAND, Oct. 4.—Establishing a new record for woman's competitive golf, Miss Marion Hollis, of New York, today led a field of 110 in the qualifying round of the 25th annual woman's golf championship with a card of 82. This figure not only broke all local records for woman's play but it set a new mark for medal honors. Miss Hollis' score:

Out 445, 447, 436—41—82.
In 573, 455, 485—41—82.

Nearest to Miss Hollis was Miss Alexa Stirling, of Atlanta, defending champion, who qualified early with an 85, equalling the best previous record for a qualifying score.

Practically all the representative players survived the initial test, thus entitling them to start in the final round of match play tomorrow morning.

Impressive rounds were compiled by several newcomers to national competition, notable among which was an 8 by Miss Besse Fenn, of Portland, Maine.

THE PETTY BANK BUILDING IS NEARING COMPLETION

J. N. King of Paris, who had the contract for the new bank building at Petty, completed the job yesterday It is constructed of brick with stone trimmings. The marble for the fixtures and wainscoating and the material for the white tile floor has not arrived yet. When completed inside the building will have cost about $26,000. It is claimed that it will be the prettiest bank building of its size in the State. It has absolutely fireproof vaults.

TUBERCULOSIS WORK IN LAMAR COUNTY

Formal Organization With Campaign For Christmas Seals Proposed.

At a meeting held Monday evening the Lamar County Anti-Tuberculosis associationwas formed, to be affiliated with the Public Health association, which is now conducting a general campaign but more particularly devoted to combating tuberculosis—"the great white plague," which annually takes a heavy toll of the people of every county in the State.

The work is to be financed through the sale of the Christmas seals, which are annually offered for the embellishment (which is the correct word) of Christmas packages.

The work will exactly fit in with that which is now being done by Miss Kennedy, the Red Cross nurse who is in charge of the health work in the schools of Lamar county.

The officers and directors of the new organization are: President, Mrs. J. T. Roundtree; vice-president, Mrs. G. M. Price; secretary and treasurer, Miss S. L. Lightfoot; directors: T. J. Record, Dr. Lucien Nicholson, Dr. Owen O'Neil, Miss Mary Kennedy, Dr. Talma Buford of Minter, Mrs. J. H. Moore of Deport and Mrs. Mac Duncan of Roxton.

Active work of the association will be undertaken at once.

MILLION DOLLAR FIRE IN JACKSONVILLE, FLORIDA

By The Associated Press
JACKSONVILLE, Florida, Oct. 4.—Damage estimated in excess of $1,000,000 resulted from fires here today which, originating in the Wilson-Tommer Fertilier Plant on Talleyrand Ave. destroyed the main section of the factory and properties of the Mason Forwarding Company, adjoining. Box cars on sidings in the vicinity were burned.

The flames were discovered at 3 a. m. and, fanned by a high wind, spread rapidly, the fire department not getting the upper hand until about noon.

Spontaneous combustion is believed to have been responsible for the blaze.

PAROLES GRANTED TWO GERMAN PRISONERS

By The Associated Press
LEAVENWORTH, Kan., Oct. 4—Eckhard H. Von Shack and Franz Von Bobb, at one time consul and vice-consul for the German imperial government at San Francisco, are to be released from the federal prison here tomorrow, prison officials announced tonight. Word was received at the prison that paroles had been granted the two German noblemen who were serving sentences of five years for violation of the neutrality laws of the United States.

STANDING IN LINE ALL NIGHT TO GET BLEACHER SEATS

President Ebbets Returns Sixty Thousand Dollars To Applicants For Reserves.

BETTING OPENED SIX TO FIVE, FAVOR OF INDIANS

Robinson Expects To Pitch Lefthander But Will Not Decide Until Today's Warmup.

By The Associated Press
New York, Oct. 4.—The Brooklyn Nationals and the Cleveland Americans open their world series battle for the 1920 championship at Ebbts Field tomorrow afternoon.

Twinkling stars in a cloudless sky early tonight seemed to bear out the forecaster's preliminary announcement of fair weather with moderate winds but a fairly heavy rain storm came on the scene at 9 o'clock tonight When asked to explain the weather man said the storm was due to low atmospheric pressure and promised that it would be clear although somewhat cooler tomorrow for the initial battle for the premier honors in baseball.

At midnight nearly 500 enthuastists, unsuccessful in their quest for grand stand tickets, or forced financially to seek seats in the field stands or bleachers, had gathered for a long weary wait until admitted at 10 o'clock tomorrow.

The rain cleared but many wore raincoats and had blankets. Some sat dozing on curbstones, resting their backs against telegraph poles, and others formed in groups to swap stories.

The playing field of the Brooklyn park has been manicured for the last time. Every reserved seat has been disposed of and thousands of fans are fruitlessly seeking an opportunity to witness the gigantic struggle.

Manager Robinson and the Brooklyn team are resting tonight and express firm belief in their ability to defeat the Indians.

Arrangements and setting for the series of 1920, will not differ greatly from previous contests. If there is any outstanding feature, it is expected to be furnished by the spectators. Their attitude toward the baseball classic and the players is an angle which cannot be forecast.

No Loss of Interest.

The climax of the baseball season has shown no loss of interest so far as the fans of greater New York are concerned. On Sunday President Charles H. Ebbets stated he had been obliged to return more than $60,000 in checks and currency for those who had hoped to purchase seats for the four games.

At noon today more than 400 applications were filed from newspaper writers from all parte of the country The sale of unreserved seats in the field stands and bleachers began at 10 o'clock this morning. A line of fans was formed several hours before the time set. A woman had the honor of "first come, first served." When asked how early she had come, she replied "early enough to get first place."

These seats sold for $2 for the field stands and $1 for the bleachers, plus war tax. Purchasers were permitted to buy seats for any one or all of the games to be played at Ebbet's field. It was estimated, with all seats sold and all available standing room occupied, approximately 26,000 persons could see each game.

Betting Favors Cleveland.

Betting on the series opened here today with the Cleveland combination a favorite over Brooklyn. Curb market and sporting resorts placed odds at 6 to 5 on the Indians and reported several wagers averaging $1,000.

It was stated there was considerable backing for the Brooklyn team but that those who would wager on the Superbas desired 7 to 5 for their money and refused to accept the odds quoted. Betting commissioners offered even money on the result of tomorrow's game, permitting the wagerer to make his own choice.

The Indians are expected to arrive early tomorrow. In addition there will be a large party of newspaper writers and fans.

The unfamiliarity with the field can not fail to be a handicap, for the Brooklyn park with its short right field backed by a concrete wall, makes right position difficult to play until the fielder becomes accustomed to the angle at which a hard hit ball caroms off the wall. Proper judgment on such a hit frequently means the difference between a single and a double.

Brooklyn's Advantage.

A further advantage rests with the Brooklyn team in that the players have had a longer period of rest between the winning of the pennant and their entry into the world series than Cleveland.

This was apparent in the attitude and actions of Manager Robinson and his men who are in fine fettle after completing their final workout this morning. None of them showed the least sign of anxiety or nervousness.

Asked if he had decided upon his pitcher for the opening game, Manager Robinson replied "I expect to pitch a lefthander." While this is taken to mean Marquard or Smith, Robinson let it be understood the final selection will be made after the warming up practice tomorrow.

After the workout Manager Robinson called his athletes together in the club house, for their final conference.

The fact that Manager Speaker, of Cleveland, will have to depend upon either Bagby or Coveleskie for the first game makes no difference in the probable lineup of the Brooklyn team. The National League champions during the season have switched in only one position, right field, for different brands of pitching.

Speaker's Outfield.

With Cleveland it has been a different proposition. While the infield did not change because of opposition pitching, Manager Speaker constantly made changes in his outfield to meet right or left hand pitching. With a

THE LEGISLATURE has adopted a resolution blaming Secretary Houston for the low price of cotton and calling upon everyone to help out the cotton farmer. The legislature is long on this matter of adopting resolutions; but there are very few credit marks to accomplishments by resolutions.

THE COTTON FARMER is not by himself any longer. In co-operation with the other business men of the South he can accomplish all he starts out to do; but by himself—and he should have learned that lesson thoroughly—he will wind up just where he began. It is no time for hymns of hate; it is a time for realization that "WE" can do things which to "I" are not possible.

"WE" of Lamar county having started upon this proposition of co-operation with some hundreds of other business men of the South, it is beholden upon us to do the thing thoroughly and to join en masse. There are probably 10,000 business men of one sort and another in the county; and everyone of them should belong to the American Cotton Association.

THE DROP IN PRICES so widely heralded throughout the press reports is some time in the future. That drop is in the wholesale markets, where there is any material decrease; and not in the retail; and it will require a considerable length of time for it to reach the consumers, devoutly as it is hoped for. The advance freight rates are declared by the railroads to mean very little to the ultimate consumer; but they do mean quite a lot—just 35 per cent more than they did.

BECAUSE THE manufacturer announces that he will cut his prices it is not to be anticipated that the retailer can at once come down to the new figure. The retailer isn't getting these goods at the new low prices—but is still loaded with the goods which the manufacturers have sold him months since when the prices were not only high but appeared to be going higher.

IN SOME THINGS there has been a reduction; but in others there will be reductions only when the new order of things is in working condition; and necessarily so. In the clothing trade, both men and women's wear, the manufacturers announce cuts—but at the same time they lay off their labor and reduce production; so when the retailer has disposed of his stock, purchased at the high prices, he is likely to find that there is nothing with which to replace the goods sold save at the same high figure.

IT IS REFRESHING to hear President Benson of the Texas baseball league enter denial that the gamblers have been running the Texas league. But there is evidence that in every city in the league gambling on the games has been going on—and when there is gambling then it is safe to assume that the gamblers have had their sure things in one way and another.

OUR BIRDS have gone for the winter—that is, those of them which make a practice of spending the winter further south. But we still have a few of them; and it is proper and right and just that we do something for them. It will cost us a very small sum to hang up a lump of suet near your home and to see that our feathered friends have an occasional feed. They work very faithfully for humans and there should be some reciprocation.

THE CONTRACTORS who have made successful bids for slabs through the bottoms should have it impressed upon them that there is where the work is to be first done. They have bid on the present price of cement; that material is to be had through proper effort—and we want the bottoms fixed. We can get along over the rest of the road well enough; but we are to have the bottoms fixed; and the responsibility of the county commissioners and of the road board includes that effort to have them fixed speedily.

THE RED CROSS is accomplishing a wonderful work throughout the world and in Lamar county as well as elsewhere it is doing things for humanity. It is not in war times only that the Red Cross performs its mission; for in peace there are just as many calls for its services. We must make provision for carrying on that work and on Armistice Day we of Lamar county should show our appreciation of what the great organization is doing as well as of what it has done.

An Agreeable Surprise.

"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy.

IMPORTANT PART OF ROAD WORK

Slabs Through The Battoms Deemed The Point Of Greatest Need.

J. T. Woodard of Deport, who was in the city yesterday on his way to the Confederate reunion at Houston took time to state in regard to the contract work that is being done on the roads that putting in the concrete slabs in the bottoms was in his opinion the most important part of the work just now. "The dump isn't worth anything," he said, "if you get to the creek and can't get across."

W. K. Griffin of Biardstown was of the opinion that if the dumps on the highways were thrown up without being graveled it would be impossible to travel over them after wet weather sets in unless the side ditches were cleaned out so that they would drain. The slabs in the creek bottoms on the lateral roads ought to be fixed right away so that people traveling over them can get through.

J. C. Gambill of the Hopewell community said that it might be best to let the grade settle before putting the gravel on the highways, but that the concrete slabs ought to be fixed at once. A farmer can manage in some way to get to town if he can just get through the bottoms.

W. W. Walker of Biardstown said that all of the bottoms ought to be fixed up in the fall of the year. The best roads that we have in his opinion are the dirt roads that the graded up and kept dragged. He thought that if the bottoms were graded up and ditches kept open in the old fashioned way it would be just as good or better than concrete slabs. The graded and graveled roads in precinct 1 were neglected and ditches were not kept open. Some places in the roads were cut through and black mud was dragged over the holes and covered them up until it couldn't be told that the road had ever been graveled.

J. H. Crawford of Chicota said that the most important part of the work under the road contract at present is putting in the concrete slabs so that the farmers can get through the bottoms.

B. B. Gilliam, from the same locality, said that the views expressed by Mr. Crawford were the same as his. The bottoms ought to be fixed up right away. They are the most trouble.

J. T. Hannah living southeast of town on the Jefferson road, was of the opinion that the highway roads that are to be graveled ought to have several months to settle before they are surfaced. The concrete slabs, however, ought to be put in first. He understood that good progress had been made on the Jefferson road and that the contractors were doing a good job, but it looked like doing the work backward not putting in the concrete slabs first.

WEDDING SUNDAY AT BONHAM ST. PARSONAGE

J. Austin Sellers and Miss Thelma Parker were married at 2 o'clock at the parsonage of Bonham street Methodist church by Rev. R. B. Curry, the pastor. Only a few close friends and relatives were present.

The bride is the eldest daughter of Mr. and Mrs. J. H. Parker and is held in high esteem by those who know her. The bridegroom is the son of Mr. and Mrs. A. H. Sellers and has lived here most of his life. He is employed in the lithographing department of the Bennett printing Company.

The couple left on the early morning Frisco train yesterday for Oklahoma to spend a few days with the grooms' uncle. After Thursday they will be at home with the brides' parents on East Washington street.

PERSONAL NOTES OF WELL KNOWN PEOPLE

Dr. L. B. Stephens has gone to New York where he will spend several weeks taking a post-graduate course in eye, ear, nose and throat.

W. E. Greiner of Dallas spent Sunday with friends and relatives in Paris.

Mr. and Mrs. H. S. Bettes returned home Sunday night.

Miss Virgil Bonnelle of the millinery department at Crook-Record's went to Dallas yesterday.

Mrs. S. D. Fitch of Fort Smith has returned home after a short visit to relatives in Paris.

Miss Mollie Biard of Fort Towson is visiting Jas. W. Biard and family.

Mrs. L. S. McBerry and Mrs. O. O. Allen of Idabel, Ok., are in Paris shopping.

Mr. and Mrs. R. J. Murphy returned home Sunday night after a month's absence, a part of the time being spent at Mineral Wells and the other part visiting their daughter, Mrs. J. C. Fenet in Abilene. Mrs. Murphy, who was suffering from rheumatism when she left for Mineral Wells is greatly improved.

DEMAND FOR THE DODGE CARS CONTINUES BRISK

T. C. Belew, the Paris distributor and dealer for Dodge Bros. cars, has received confirmation of the telegraphic advices that there is to be no reduction in the price of Dodge cars. C. W. Watheson, the sales manager, says that "Dodge Bros. policy has evee been to give full value for the prices asked." That is the policy to be pursued in the Dodge interest all the time asserts Mr. Belew; and he is of opinion that the folks who wish Dodge cars have solid foundation for believing that they are getting all they pay for. He is confirmed in this by the fact that the demand for the Dodge car continues despite the cuts being made on other makes.

CIVIC LEAGUE TO MEET THURSDAY

Many Imporant Matters Are To Be Considered At Opening Of Fall.

The Civic League meets for its first fall meeting Thursday, October 7th, at 2:30 P. M. at the Chamber of Commerce. At this time there will be a short business meeting and a discussion of plans for the coming year.

The women of Paris have many serious problems facing them, such as labor and pure food. It has been suggested that the women get together to form a Housewives' League to consider the servant problem and to demand pure, clean food. Paris is way behind the times along these two lines and it is up to the women to change both. Are you, as you read this, interested enough to come to the Civic League and discuss these problems, given suggestion and help protect yourself and family, or are you selfish enough to sit comfortably at home and let the few willing-workers do it all?

The League should have every woman in Paris its member, then we would stand for cleanliness and beauty, we should then, in reality, be the North Star of Texas.

Won't you women wake up out of your lethargy, come Thursday and make this first meeting a big success? Let's all get acquainted over again and band ourselves together for our own protection and good.

GATHERING MATERIAL FOR PAVING WORK

The Texas Bitulithic company is rapidly gathering material for the paving work and some fourteen cars of material have been unloaded or are in course of unloading. No cement has been received as yet, but two cars are due early in the week and a third is to be shipped by the time it is needed, so there will be no delay in the resurfacing and the paving work.

Sister Died Suddenly.

A telegram received yesterday from Atlus, Ok., announced the sudden death of Mrs. John W. Scott, who spent the past several winters in Paris with her sister, Mrs. S. W. Chamberlain, and had a number of friends here. Mrs. Chamberlain left on the afternoon train for Macomb, Ill., to attend the funeral.

Married at Minister's Home.

R. L. Arledge of Dallas and Miss Lydia White of Paris accompanied by a large number of friends drove to the home of Rev. W. H. Wallace on Lamar avenue at 1 o'clock Monday afternoon and were married by him. They will make their home in Dallas and will carry with them the best wishes of a host of friends.

SAVATION ARMY APPEALS FOR ITS HOME SERVICE

The Salvation Army has begun its campaign for funds with which to carry on the work of its several activities during the coming year.

This apeal has been sent broadcast by Franklin K. Lane, the National chairman of the Salvation Army Home Service:

"There never was a time when the Salvation Army had a greater responsibility to the masses of the peopl-e or a greater opportunity to render mankind an invaluable service than at present; and I desire, through you, to make earnest appeal to the people of the great southwest to exert themselves to the utmost on behalf of the home service fund for this year."

To this Edward Crane, the chairman for the Southwest, has added this message: "Nothing can be added to the foregoing message. Am counting on Northeast Texas to do its share to perpetuate this glorious work."

Little Stories For Bedtime

Unc' Billy Consults Ol' Mistah Buzzard.

By THORNTON W. BURGESS.

Ol' Mistah Buzzard has very sharp eyes. Nobody has sharper eyes than Ol' Mistah Buzzard. Swinging round and round and round and round in great circles way up in the blue, blue sky, so high that sometimes he looks like nothing but a little speck, he looks down and sees everything going on in the Green Meadows and a great deal that goes on in the Green Forest. There is very little that Ol' Mistah Buzzard misses. So all the day that Unc' Billy Possum had been tramping over in the Green Forest and finding everybody's back turned to him, Ol' Mistah Buzzard had been watching and laughing fit to kill himself. You see, he knew all about Bobby Coon's visit to the little meadow and forest people, and how Bobby had whispered in the ear of each that Unc' Billy Possum was partly to blame for all the trouble they had had lately. Then each one had promised to turn his back on Unc' Billy Possum the very next time he should come along, and this is what happened.

Ol' Mistah Buzzard watched Unc' Billy go home and sit down with his chin in his hands and study and study, just as if he had something on his mind. By and by Unc' Billy looked up in the sky, where Ol' Mistah Buzzard was sailing round and round. Then Unc' Billy hopped up mighty spry and reached for his hat. "I reckon Unc' Billy 'low's he'll make me a visit," said Ol' Mistah Buzzard with a chuckle, as he slid down, down, down out of the sky to the tall dead tree in the Green Forest, which is his favorite roosting place. He hadn't been there long when Unc' Billy Possum came shuffling along just as if he was out walking for his health.

Howdy, Mistah Buzzard. Ah certainly hopes yo'all feel right smart," said Unc' Billy.

Ol' Mistah Buzzard's eyes twinkled as he replied:

"Ah feel right pert, Brer Possum, thank yo'. Ah hopes yo' feel the same. Yo' look like nothing ever bothers yo'."

Unc' Billy grinned, but at the same time he looked a little foolish as he said: "That's right, Mistah Buzzard. That's right! Nothing ever does bother me." And all the time he was wondering how ever he should ask for Ol' Mistah Buzzard's advice and not let him know that something really was bothering him a great deal.

"Ah watched yo' take a long walk this mo'ning, Brer Possum," said Ol' Mistah Buzzard.

"Did yo', indeed; yo' have keen eyes, Mistah Buzzard!" replied Unc' Billy.

"Ah saw yo' meet a lot of yo' friends. It's fine to have a lot of friends, isn't it, Brer Possum?" said Ol' Mistah Buzzard.

Unc' Billy looked at Ol' Mistah Buzzard sharply. He wondered if Mistah Buzzard had noticed that all

By and By Unc' Billy Looked Up in the Sky.

had turned their backs on Unc' Billy that morning, but Mistah Buzzard looked as sober and as solemn as a judge. All at once Ol' Mistah Buzzard hopped up and turned around so that all Unc' Billy could see of him was his back. Unc' Billy stared, and for a minute he couldn't find his tongue. Then he heard a noise that sounded very much like a chuckle. In a few minutes it was a laugh. Finally, Unc' Billy began to laugh, too.

"Yo' take mah advice and bring mah ol' friend Mocker out of his hiding place and introduce him to the Green Meadows and the Green Forest," said Ol' Mistah Buzzard.

GIDEONS TOLD PARIS ABOUT THEIR WORK

Need For Camp Of The Organization In Paris Presented To People Sunday Night.

A congregation representative of every denomination in the city filled the First Baptist church to overflowing at the Sunday evening service for the Gideons. After the opening hymn, led by the Baptist choir and members of others present, Rev. W. B. Kendall read the "Gideons' Chapter" from the Bible—the seventh chapter of Judges. Rev. Mr. Wallace offered a prayer, and the congregation then joined in a hymn. The Parisian quartet sang "Let The Lower Lights Be Burning," as an offertory. After a solo by Miss Luzelle Smith, Mr. Lewis H. Griffin, assistant field secretary of the National Society of Gideons, was introduced.

He began his talk with a history of the organization; he told of the chance meeting in a Wisconsin hotel, 21 years ago, of two traveling men, and how a sense of trust, from which the friendship grew, was inspired by one man's taking his Bible from his bag, and reading it before going to bed.

This was the incident which led to the founding of an order which has since spread from coast to coast, and is endeavoring to place in every room in every hotel, a Bible for the use of the traveller, who is far from his home, his friends, his church and their Christian influence.

The growth was slow but sure and steady, and the Gideons are progressing toward their goal. The Bibles which they place thus are not to be sold, nor to be taken away from the rooms, but are put there for all those who care to use them, during the society about eighty-five cents their occupancy. The volumes cost the society about eighty-five cents apiece, and, the offering Sunday evening was a donation toward this fund, although this campaign is primarily an educational one, for the purpose of instructing the public concerning the aims and work of the Gideons.

It is the desire of the organization that a camp of Gideons be established here, by and for the traveling men of this section, and Mr. Griffin spoke upon the necessity for this in the spread and growth of the Gideons.

They are, of course, non-sectarian, and draws its membership from every denomination. For this reason, if no other, it should have the support of every sect, as a step toward universal increase of Bible students, and, consequently better Christians.

Paris will do well to encourage the movement, and aid its establishment of a camp here, for numbers of traveling men make Paris their stopping place when in this territory.

Mr. Griffin, who is a pleasing speaker, told the history of the Gideons simply but forcefully, and his audience was much impressed with his address.

The Gideons' cause was presented in morning services at the West Paris Baptist church, Church of Christ, First Christian, First Congregational First Methodist South, First Methodist Protestant and First Presbyterian churches.

W. H. JOHNSON, of Portland, Ore., who says no one could have done him any greater kindness than the friend who advised him to try Tanlac.—Gains fifteen pounds.

"Not in a long time have I enjoyed such good health or felt so well generally as I do since taking Tanlac," said W. H. Johnson, 319 East 43rd St., Portland, Ore., who holds a responsible position with the Northwest Transfer Company.

"About a year ago I began suffering from lack of appetite and stomach trouble and since that time—that is, until Tanlac set me right—I have felt so poorly that I could hardly do my work. My food seemed to do me little good if any, as my digestion was bad, and I lost both weight and strength continually.

After every meal there was a dull, nagging pain in the pit of my stomach that kept me feeling miserable for hours.

"The gas from my sour, undigested food would bloat me up terribly and my nerves were so upset that I would lie awake half the night unable to sleep. I was constantly having blinding dizzy spells and could not bend over and straighten up quickly but what everything seemed as dark as night to me.

"I was telling a friend one day how bad I felt nd she advised me to try Tanlac and I just want to say he couldn't have done me a greater kindness.

"I have picked up all of fifteen pounds in weight, my appetite is fine, and although I am eating just anything I want my stomach never gives me a particle of trouble. My sleep is sound and restful and my strength and energy have been so renewed that my work is no longer a burden to me."

Tanlac is sold in Paris by Mayes Drug Store, in Blossom by J. D. Dickey & Son, in Roxton by City Drug Store in Howland by K. B. Burgess.

Does your stomach feel bloated after eating? Do you have sour risings, heartburn, spells of dizziness, and constipated bowels? If so, Prickly Ash Bitters is the medicine for you. It is exactly suited for such disorders. Price $1.50 per bottle. R. J. Murphy.

PAT WARNER IS IN WITH ROXTON LIST

Boosted The Campaign Fund With Another Contribution For Cox.

Monday opened briskly for the democratic campaign fund. The first letter opened was from Pat Warner, that "HE" democrat who lives at Roxton; and he increased the figures for that democratic stronghold of Lamar county to $207 of the total fund—which doesn't make it look like there are many democrats living in other portions of the county.

W. H. P. Anderson sent in his check for $10, thereby raising the credit to be given Paris democrats materially but not approaching the Roxton list by a whole lot of dolars.

There were some $2 bills in the offering Monday, which is an encouragement for us. Also some $1 contributions which helped swell the total.

Mr. McCuistion felt considerably better when he saw that list from Roxton and Dr. Marshall will, beyond peradventure of a doubt, wonder whether there are only two postoffices in Lamar county—Roxton and Paris. Really, considered from the contributing democratic standpoint, that Roxton should be spelled altogether in capitals. In fact, it appears to be the democratic capital of the county.

There are mighty few days left in which we are going to be able to get this fund together. But we are hopeful. That is the reason why the democratic party has never died—it is so hopeful; had to live on hope for a great many years; but it is destined to really feel established now that we have eight years of it and with good prospects for another four—probably an eight year term for Cox as he is hale and hearty and sensible.

ONE METHODIST DIVINE GOES RIGHT INTO POLITICS

ROCKFORD, Sept. 30.—Politics were injected forcibly into today's session of the Rock River conference of the Methodist Episcopal Church when Dr. Clarence True Wilson, general secretary of the National board of temperance, prohibition and public morals, spoke upon "the present situation," discussing prohibition, Americanization, the bible in public schools, protection of Americans engaged in outlawed businesses in foreign countries and gambling crusades.

Governor Cox is "loose, low and liquid," he said, "the champion of the liquor interests, the advocate of the laxest enforcement regime that Ohio has ever known. His ears have been closed to petitions from dry forces; he has been openly against them in all their fights and all the reforms."

Major Dalrymple, chief of the prohibition enforcement corps, with headquarters in Chicago, was attacked by the speaker.

COMING OPERA CAUSES COMMENT

In connection with the coming of "Robin Hood" one hears most interesting comment. Particularly noticeable is the frequency with which it bears upon the novelty of having real comic opera here instead of having to go somewhere to it.

We have received a press sheet containing half a hundred clippings from well-known papers in cities like our own, from which it is clearly evident that Ralph Dunbar, the producer of "Robin Hood," is making good with his pretentious project.

With the advent of prosperity and high speed in every branch of industry and commerce, Mr. Dunbar decided that the application of the principles of high class merchandising, often summarized as "the square deal" to the problem of delivering high class operatic productions would win enough supporters to make them pay out, and it seems to be working that way. This all brings assurance that an entertainment event may be expected in the coming of "Robin Hood" which will merit the attendance of every lover of comic opera.

Begin Right Now to Conquer Your Rheumatism

If you are going to again rely upon the liniment bottle to try to rub your Rheumatism away, you will be doomed again to nothing but disappointment. A disease that can cause so much pain and suffering is not on the surface of the skin, and cannot be rubbed away.

Many forms of Rheumatism are caused by a tiny disease germ in the blood, and in such cases the only logical treatment is to search out and remove these germs from the blood.

For this purpose there is no more satisfactory remedy than S.S.S., the fine old blood remedy that has been in use for more than fifty years, and has given such general satisfaction for Rheumatism.

Begin taking S.S.S. today, and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address Chief Medical Director, 160 Swift Laboratory, Atlanta, Ga.

SOUTH CAROLINA GINNERS GET WARNING TO CLOSE

By The Associated Press

ANDERSON, S. C., Oct. 4.—Warning to cease ginning cotton until the staple brings" 35 cents a pound," were found posted on the doors of several gins in Anderson Oconee counties this morning.

Some of the notices were typewritten and were affixed to the doors with matches. The posted warning followed receipt by local newspapers of letters signed "The Black 75" saying that 75 men had taken oaths to burn gins that continue to gin cotton.

One ginner in this vicinity had closed down today. Others said they would continue operation.

left hander in the box for Brooklyn, it is problematical what Manager Speaker will do in the big games. He has been using Geo. Burns, Joe Wood and Joe Evans, right hand hitters, against left hand pitching but the combination composed of Speaker, Jamieson and Smith represents an outfit of .300 hitters and it is likely they will form the outer defense for the Indians in the first game.

Indians Go East.

By The Associated Press

CLEVELAND, Oct. 4.—The Indians left at 6 o'clock in two private cars for Brooklyn, where they play the first game of the world's championship series with the Dodgers tomorrow. A large crowd of fans bade the team "bon voyage." The "stick to the finish club," Cleveland rooters, gave them a rousing send-off. James C. Dunn and Tris Speaker led the party.

"If our pitchers hold out we will take the series," said Speaker. "We have the edge on the Dodgers in hitting and fielding and I don't concede them anything in pitchers. Our first string hurlers have held their own this season. The team has been going at full speed right up to last Saturday and we won't falter now."

Speaker would not say who would pitch tomorrow. Both Coveleskie and Bagby are ready.

The team had a workout and conference at league park this morning. The final defensive play practice was behind closed gates. The Indian manager expects to give the team a short workout at Ebbets FielVd tomorrow morning.

The outfielders tried out their arms in pegging to the plate and the catchers worked on throws to cut runners down on imaginary double steals. The batters were drilled in bunting and long sacrifice flies.

Lineup To Fit Pitcher.

It was decided at the conference that if a left-hander starts in the box for Brooklyn in tomorrow's game the Indians' right-handed batting order will face them. Joe Evans will play left-field and lead off, instead of Jamieson George Burns will be found on first base instead of "Doc" Johnston and will bat fourth, and Joe Wood will replace Elmer Smith in right and bat seventh.

When a right-handed pitcher works for the Dodgers, Jamieson, Smith and Johnston will be on the Cleveland lineup.

Steve ONeill, who has caught almost every game this season, will be behind the plate in every game.

Larry Gardner, at third; Joe Sewell, at short, and Tris Speaker in center field, all left-handed batters, and "Bill Wambsganass at second base, who bats right-handed, will play in every game, regardless of Brooklyn's pitching selection.

Distribution of the box and reserved seat tickets for the games here will begin Wednesday morning. The tickets will be placed in booths at the main entrance to League Park and will be available only to holders of allotment cards from 9 a. m., to 5 p. m. Wednesday, Thursday and Friday.

Expected Lineup.

NEW YORK, Oct. 4.—The probable lineup of the teams tomorrow:

Cleveland—Jamieson, lf; Wambsganss, 2b; Speaker, cf; Smith, rf; Gardner, 3b; Johnston, 1b; Sewell, ss; ONeill, c; Bagby or Coveleskie, p.

Brooklyn—Olson, ss; Johnston, 3b; Griffith, rf; Wheat, lf; Myers, cf; Konetchy 1b; Kilduff, 2b; Miller, c; Marquard or Smith, p.

Collins Congratulates Tris.

CHICAGO, Oct. 4.—Eddie Collins, captain of the White Sox, telegraphed congratulations to Tris Speaker today. The telegram read:

"Congratulations upon winning the American League pennant. I want to assure you that none of the remaining members of the White Sox begrudge your club the honors you have honestly won and furthermore we are pulling for you to beat Brooklyn. Best of luck to you."

GERMANY WANTS TO KNOW JUST WHAT SHE MUST PAY

By The Associated Press

PARIS, Oct. 44.—Germany will expect the allies to keep the pomise given at Spa that the total sum of reparations to be demanded of Germany shall be fixed at the Geneva conference this autumn, Gerhard Von Mutius, head of the German financial delegation in Paris, informed the Associated Press today. To prepare the basis, he said, there probably would be direct but informal negotiations between French and German experts.

Neither the time nor place of the meeting, nor any of the details of such conversations regarding reparations, Herr Von Mutius declared, had been determined upon and it was learned in other quarters it might be considered desirable to avoid publicity in connection wth these direct negotiations because the strong pressure of public opinion in both countries might make the task of reaching an agreement more difficult.

TEN DOLLARS DAILY DONT SATISFY MINERS

By The Associated Press

KANSAS CITY, Oct. 4.—At a joint meeting today of representatives of the Southwest Coal Operators Association and miners from Districts 14, 21, and 25, United Mine Workers of America, demands were made for an increase of 30 percent in wages for tonnage, dead and yardage work. The operators announced that they would not consider any increase of this kind and the meeting was adjourned until tomorrow morning.

The districts represented comprise fields in Missouri, Kansas, Arkansas, Oklahoma and Texas.

The meeting was called at the request of Alexander Howat, president of District 14. Last week Mr. Howat sent a letter to Ira Clemens, president of the operators' association, asking that a joint conference be held to secure a new wage adjustment for the miners, claiming that the tonnage men had not been given increases in wages proportionate with the day men.

In refusing to comply the demands of the miners today the operators said that, under the present wage scale, the tonnage men were making from $10 to $12 a day.

PITTSBURGH POLICE HAVE TROUBLE WITH RACE ROW

By The Associated Press

PITTSBURGH, Oct. 4—Police reserves assisted by city firemen were called upon to resist a mob of 1,000 persons which stormed a police station in the Hill District here tonight in an effort to release four prisoners arrested during a slash between a crowd of white men and negroes.

The trouble started near the police station when a white man bumped into a negress, according to the authorities. The negress' escort struck the white man, they said, and within a few minutes a large crowd of whites and negroes were in the fight.

A few policemen on duty at the Center Avenue station rushed into the mob and arrested two whites and two negroes. They took their prisoners to the station, but the mob followed and tried to release the men. Riot calls were sounded and when the reserves arrived, the mob was forced from the station by officers with clubs and revolvers.

ENGLISH SHIP OWNERS SAY COAL STRIKE BLUFF

By The Associated Press

WASHINGGTON, Oct. 4.—British steamship owners regard the threat of a general coal strike in England as "a bluff" according to a report to the department of commerce today from Counsler General W. S. Stanley at London.

Prefernence is given to employment which will take steamers away from the United Kingdom for an appreciable time, Mr. Stanley said, and should the coal crisis blow over, a shortage of tonnage in English ports would result.

ALLEGED PROFITEERS DEMUR TO INDICTMENTS

By The Associated Press

FORT SMITH, Ark., Oct. 4.—Federal Judge Frank A. Youmans heard arguments on demurrer to indictments against five local wholesale grocery firms today. Counsel for the companies attacked the constitutionality of the Lever Act under which the indictments were returned last spring. It is charged in the indictments that the companies bought at 12 1-2 cents a pound sugar sold at 27 1-2 cents. Judge Youmans said he would announce his decision later.

GALVESTON WANTS NO TAMPICO YELLOW FEVER

By The Associated Press

GALVESTON, Oct. 4.—Because of th prevalence of yellow fever at Tampico a medical quarantine on all vessels plying between that port and Galveston has been ordered by the United States public health service here. Tankers, if fumigated upon leaving Tampico, will be held at quarantine here until six days shall have elapsed from time of fumigation. The voyage between the two ports requires about 48 hours.

EVERY cent you spend over the price of Calumet might as well be thrown away. You don't get a thing for it. You can't get greater leavening strength or greater purity than are offered in Calumet.

Contains only such ingredients as have been officially endorsed by the U. S. Food Authorities.

No matter what you pay you can't secure as much in sound baking powder quality.

You can buy a cheaper baking powder—a little lower in price than Calumet—and much lower in merit. That's the worst kind of false economy.

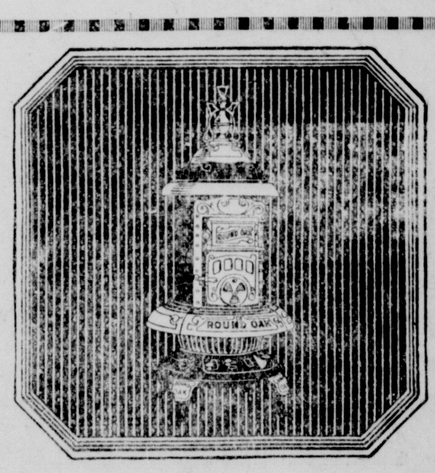

Calumet never fails. Every baking is perfectly raised—sweet, even and tasty.

Used by millions of housewives and is the largest selling brand in the world.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Graham Muffin Recipe

1 cup of white flour, 1 cup of Graham flour, 1 tablespoon of sugar, 3 level teaspoons Calumet Baking Powder, 1 teaspoon salt, 1 cup of milk, 1 egg well beaten, 1 tablespoon melted butter. Then mix in the regular way.

New York Cotton.

NEW YORK, Oct. 4.—The last official condition report scheduled for this season was followed by a sharp break in cotton today with all deliveries making new low records for the season. December contracts held off from 21.53, the high point of the morning to 20.50 or 75 points net lower, while the price of May broke to 20.00.

Prices recovered most of their loss in the late trading on buying by Liverpool, Wall street and the trade. Exports for the day were 2,839 bales, making 533,138 so far this season. Port receipts 14,483. United States port stocks 826,275.

New Orleans Cotton

NEW ORLEANS, Oct. 4.—After being depressed during the greater part of the session today the cotton market became very steady toward the close and last prices were at net advances of 3 to 19 joints.

In the early trading, after an irregular opening and declines of 4 to 10 points on the near months, the market moved upward in a fairly strong way. The heaviest selling of the day came after the condition report which placed the percentage on September 25th at 59.1 of normal, making the indicated crop 12,125,000 bales against 10,696,000 a year ago. Prices felt to levels 57 to 75 points under Saturday's close. December trading down to 19.65. In the late trading the selling pressure lessened.

Chicago Grain.

CHICAGO, Oct. 4.—All grain prices smashed down today to the lowest level since 1917. Impairment of conditions on the part of owners appeared to be largely responsible. The finish in wheat was demoralized at 11½ to 12½c net decline, with December 1.95 to 1.95½, and March 1.91 to 1.91½. Corn lost 4⅛ to 5c; oats 1⅜ to 1¼ to 2⅝ and provisions 20c to $1.17.

Heavy selling from holders found the wheat market with little support except from shorts who were in a position to grab profits. Toward the last even this prop gave out and values collapsed in earnest.

MARRIED AT HOME OF BRIDES' PARENTS

At two o'clock yesterday afternoon, Miss Gertrude Dannenman and Mr. William K. Haynes were married at the home of the brides' parents, Mr. and Mrs. L. Dannenman, on East Price street, by Rev. L. B. Conrad.

The house was attractively decorated for the occasion with roses and greenery, a bank of ferns and vines forming a charming background for the ceremony.

The bride entered with her sister, Miss Miriam Dinnenman, and the groom with his best man, Mr. Fred McHam. As a prenuptial solo, Miss Leah Norwood of Honey Grove sang "All for You," accompanied by Miss Margaret Ratliffe of Cooper, who also played the wedding-march from "Lohengrin."

After the ceremony, the guests, a few close relatives and intimate friends were served with a delightful cream-course, with bride-cake.

Mr. and Mrs. Haynes left on the southbound train for a brief wedding trip, and, on their return, will be at home on East Price street.

The bride has a host of friends here, and is much admired by all who know her. For some time past she has held a responsible position with W. F. Dulaney and Son.

Mr. Haynes, for the last year, has been a traveling salesman for automobile supplies for the same firm, and, during his residence here has won a high place for himself among his acquaintances.

RED CROSS WORK IS TO BEGIN ARMISTICE DAY

J. M. Caviness, who is the Red Cross membership roll chairman for Lamar county, went to Waco Monday to attend a conference called by Geo. Wavcrly Briggs, who is the State chairman.

The work of securing the memberships in the Red Cross will begin on Armistice Day and it is hoped to secure the entire quota for Lamar county on that day! but if it be not then the work is to be continued until Thanksgiving—and certainly there will be response to the full number by that time.

The budget and report of the local chapter of the Red Cross will be ready for publication within a short time.

SERIOUSLY GORED BY COW NORTH OF EMBERSON

Mrs. Lewis, a middle-aged widow, who lives on the Walker place fifteen miles northwest of Paris near Sanders creek, was seriously gored by a cow at 3 o'clock yesterday afternoon.

The cow had a young calf, and when Mrs. Lewis went out in the yard near where she was the cow rushed at her furiously and knocked her down.

Before she could get out of the way the cow gored her in the abdomen, ripping a long gash that required several stitches.

Dr. J. N. Powell of Garrett' Bluff was summoned and he got Drs. L. P. McCuistion and R. L. Lewis to come out from the city to assist him in attending to the woman's injuries.

While the cow's horn did not penetrate the cavity the injuries were pronounced serious. She was also seriously bruised.

Mrs. Lewis has been living in the neighborhood about a year, and has several children.

CITY'S PATCHING WORK IS NEARING COMPLETION

The patching on Lamar avenue has now proceeded to a point where City Engineer Tyler expects to wind it up in the course of the day; and will then remove his forces to Clarksville street, via Birmingham, where there are a couple of holes to be filled.

All of the city's patching jobs will probably be completed during the course of the week.

Everyone is invited to hear a lecture on Christian Science next Tuesday evening at the church edifice, by Prof. Hermann S. Hering, C. S. B. of Concord, New Hampshire—at 8 o'clock.

JACOB SCHIFF LEAVES LARGE SUMS TO CHARITY

By The Associated Press

NEW YORK, Oct. 4.—Charitable bequests of approximately $1,350,000 were made by Jacob H. Schiff, banker and philanthropist, who died last week. His will, filed today in surrogate court, leaves the remainder of the estate to be shared equally by his son and daughter, Mortimer L. Schiff, of Oyster Bay and Mrs. Frieda Warburg.

The widow was "amply provided for" outside the will and in a separate document provision also was made for Mr. Schiff's personal employes and the employes of Kuhn, Loeb and Company, the banking firm of which he was the senior member, according to counsel for the executors.

No appraisal of the actual value of the estate is possible at this time, it was said, and probably it would be determined only when the state controller fixes the transfer tax.

One of the bequests of the deceased was $25,000 to the Jewish Orphan Asylum of Frankfurt-on-Main, Germany, Mr. Schiff's birth place. This sum is to be added to a fund he created many years ago in memory of his parents.

The will was dated October 15, 1919.

TO PROCEED WTH THE NEW WATER SYSTEM

At the Monday night meeting the city council canvassed the vote of the recent bond election and formally declared the result as 661 for the proposed bond issue and 57 against.

It is the determination of the city administration to proceed with the construction of the new water system just as rapidly as circumstances will permit. The campaign was urged upon the ground that the new system is needed now; thereby making a pledge, which is to be fully redeemed.

The proposal to donate land on Eleventh street if the city would construct a sidewalk was rejected. The city engineer reported that while the proposed strip would be seven feet at Houston it was only 1.1 feet at Graham and that the contention was that the entire strip should be paved. He estimated the cost of the work at $342. Gill voted "no" on the motion to reject.

A Simple Plan

By the simple plan of spending less than the income and saving regularly, it is possible to create a fund which will yield a steady income.

Thus, careful spending adds to buying power.

The "pay as you go" plan is best.

And a good way to learn to spend is to adopt the "budget system;" that is to lay plans for spending and to include a savings fund in the plan.

HOW THE MONEY IS TO BE DIVIDED

Players Get Bulk Of Receipts If Only Five Games Are Played.

SUNDAY NO. 2—HOW THE MONEY

NEW YORK, Oct. 2.—Division of the thousands of dollars paid by baseball fans to witness the world's series games is annually the topic of curious interest as is the division of any large sum of money. The regulations under which the money of the world's series is at present divided has become so involved that the average fan has lost interest in trying to solve, while the games are being played, just how much the winning and losing teams will receive. And it is no easy task to arrive at this conclusion because the money is divided in several different ways.

The principal interest of the baseball fans centers in the amount the players who take part in the big games will receive.

The first provision in the cutting of the big baseball "melon" is that ten percent of the gross receipts of all games goes to the National Commission.

Next comes the players' pool, which consists of 60 percent of the balance (after the Commission's ten percent has been taken out) of the receipts of the first five games. The other 40 percent of this balance goes into the pool to be divided equally between the owners of the clubs.

The Pools.

Then if more than five games be necessary to decide the championship, the receipts of those games are divided, 10 percent to the National Commission and the other 90 percent to the club owners' pool.

There are certain regulations for the division of the players' pool and the club owners' pool which are not generally understood and which can be illustrated better by figures than by words.

Take for example that $100,000 represented the receipts of a game. First of all 10 percent or $10,000 would have to be set aside for the National Commission. That would leave a balance of $90,000. Sixty percent of this, or $54,000 would go into the players' pool and the 40 percent of this balance or $36,000 would go to the club owners' pool. This division would be the same for the first five games.

The Players.

The money in the players' pool would be divided as per the example before mentioned, in the following manner: Of the $54,000 mentioned as of a single game, 75 percent or $40,500 would go to the players participating in the world's series to be divided on the basis of 60 percent to the winning team and 40 percent to the losing team. The other 25 percent would go to a fund to be divided among the players of the teams of both leagues finishing second and third on the basis of 60 and 40 percent, or $8,100 for the second place teams and $5,400 for the third place teams.

There is another provision in the regulations which makes it possible to increase the amounts for each individual player taking part in the world's series.

Post Season Games

Since the regulations provide for a slice of the "melon" going to the second and third teams, it also has been provided that if these teams engage in any post-season series, 50 percent of the players' share of the receipts shall be divided on the basis of 60 percent to the winner and 40 percent to the loser, and the balance shall go into the players' pool of the world's series to be divided among the players of the contesting teams in the world's series and the players of the teams finishing second and third as explained before.

These regulations do not apply to post-season series between clubs finishing lower than third place.

Thus, it would be possible in the event of the two New York clubs finishing second in their respective leagues to play a series that would add almost as much to the players' pool as the big games themselves.

The Owners' Share.

The owners of clubs taking part in the world's series do not get all the money from the receipts even after the shares of the National Commission and the payers are deducted. The regulations provide that after these have been subtracted the balance of the gross receipts shall be divided equally between the two clubs. The club owners, however, are obliged to pay into the treasuries of their respective leagues 50 percent of their gross receipts up to seven games and if it be necessary to play the eighth and ninth games, then 75 percent of the gross receipts received by the two clubs under this division shall be paid into the league treasuries.

As outlined above a game with receipts of $100,000 after five had been played, would give $10,000 to the National Commission and $90,000 to both club owners or $45,000 for each. Of this $45,000 each club for the sixth and seventh games would be obliged to turn back $22,500 to their respective league treasuries, and if they received a like amount from an eighth or ninth game they each would have to pay to the league treasurers 75 percent of $33,5750, leaving $11,250 for each of the clubs.

Constipation.

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.

DISTRICT COURT NOW IN SESSION

Grand Jury Was Given Instruction And Was Set To Work.

The Sixth District Court opened for an eight weeks term at 10 o'clock yesterday morning with Judge Ben H. Denton presiding.

The first work, as usual was the impanelink of the grand jury. On account of one or two jurors who had been summoned failing to appear and several others being excused it was necessary to send out and summon four talesmen before the organization could be completed, and it was nearly noon when the court finished reading his charges to the jury.

The grand jury as impaneled is composed of the following: T. F. Justiss (foreman), Jno. T. Dickson, W. H. Downs, J. W. Keesling, Hugh Jones, T. N. White, Guy S. Caldwell, Dr. J. S. Marshall, W. L. Hodge, T. W. Rheudasil, J. W. Harris, A. B. Burnett.

The court delivered the usual charges to the jury, without any special charge except on such matters as are specially provided for by statute.

Later in the day Judge Denton stated that he had intended to charge the grand jury in regard to parties marrying again within twelve months after a divorce is granted in cases where cruel treatment was the ground on which the divorce was granted, but that he forgot about it.

The law provides that where divorce is granted on the ground of cruel treatment neither the plaintiff nor the defendant shall marry again inside of twelve months.

Judge Denton stated that the attorney general has held that it is adultery for either party to marry again before the expiration of twelve months, and that some of the lawyers take the position that it is bigamy.

After the grand jury had been charged and retired to its room Tom King was selected door bailiff. The court appointed the constables as riding bailiffs in their respective precincts with the exception of the Pattonville precinct.

On account of Constable Murrell of Deport being slightly hindered by reason of getting crippled, John Brown, the democratic nominee for sheriff, was appointed riding bailiff in his place.

The court ordered special venires to be summoned and set the dates for trial in the following cases: Ed Bennett, two cases of robbery with fire arms, one set for Oct. 13 and the other for Oct. 20, and forty men ordered in each; Hart Chewning, rape, set for Oct 22 and eighty men ordered; Royce Mathis, robbery with firearms, set for Oct 27, and forty men ordered; Luther Wadford, murder, set for Oct 15 and eighty men ordered.

GYMNASIUM CLASS FOR GIRLS TO BE ORGANIZED

Every girl and woman who is interested in a gymnasium class is invited to meet Mrs. John Hammond at the High School this afternoon at 6 o'clock. The girls who have been interested n the Y. W. C. A. movement are especially urged to be there as Mrs. Hammond has something of interest for each and every one of them. This is a wonderful opportunity for the girls and women of Paris and there should be at least fifty at the meeting today.

Because of the threatening weather there were not many girls at the meeting last Tuesday and it is hoped that there will be a full attendance at this time. Under the direction of Miss Bothwell the club will be recognized and plans begun for the winter work. Every girl in Paris who wants to see Paris put on the map in the way of recreation for girls should by all means be at this meeting.

There is only one way for Paris to have a Y. W. C. A. and this is every person interested to put his and her shoulder to the wheel and do their dead level best to see the thing through. Paris needs a Y. W. C. A. and the club organized by the girls of Paris is a step in the right direction. Lets get behind the thing and make it grow. Remember the meeting is at 6 o'clock.

When better cars are made Buick will build them.

Camel CIGARETTES

HOWDY PETE!

Always learn something when I head into this old town. Passed my deck of Camels to a fine, business-looking citizen in the Pullman dressing room this morning and this opened up a conversation. Listen, Pete, that man talked the Camel language according to Hoyle!

"Camels are the very *quintessence* of cigarettes" said this party. Pete, get that word? It fits—it spreads the news—*it spills the whole Camel story!* And, if you don't get what I'm driving to you, look up the word in Webster's! Why, Uncle Dan put it there when he dreamed Camels were coming! That man slipped into one word:—mellow-mild-body, no cigaretty aftertaste, no cigaretty odor—and—*the best cigarette in the world at any price!*

Pete, why do you hear men of all types *everywhere* actually boosting Camels? *That's because they know Camels are right!* They know from Camels flavor that Camels have the quality—and—they know that Camels blend of choice Turkish and choice Domestic tobaccos makes the most delightful cigarette any man ever put between his lips!

Old oil well, I'm no gusher, but the way Camels are going to more and more men every one of the seven days in every week is a sight to see!

Shorty.

GALVESTON FREED OF SOLDIER POLICE

Ranger Captain Brooks Will Represent Gov. Hobby And Supervise Work Of Police.

Galveston, Texas, Oct. 1.—Galveston's city officials this morning wore the cloak of authority for the first time since July 14, when Mayor H. O. Sappington, the city commissioners and the police force were removed by order of Governor W. P. Hobby for alleged interference with enforcement of martial law. At 12:01 o'clock this morning Capt. O'Brien Stevens, provost marshal, representing Brig. Gen. Jacob F. Wolters, commanding the Texas National Guard here, relinquished the work of policing the city to Chief of Police Sedgewick and his regular force.

Captain Joe Brooks, veteran Texas ranger, as representative of the governor, will supervise the police activities, and under an agreement reached between city officials and the governor, will remain in this capacity as long as the governor deems it advisable to keep a personal representative in the city.

Martial law in Galveston, which resulted from what Governor Hobby construed as failure of the city administration to properly protect non-union longshoremen on the Mallory and Morgan line docks, has been in effect since June 7. According to the view of the governor the lack of protection for the non-union workers was largely responsible for the demoralization of coastwise shipping and the unprecedented congestion of freight along the waterfront here.

What Brought it About.

Alleged acts and statements by members of the city commission, tending to "encourage the lawless element of the port," brought about suspension of the police force and the curtailing of the powers of the mayor and city commissioners. Military police assumed the duties of the city police and under the command of Col. A. W. Bloor, and later Col. Billie Mayfield, began a campaign against the illicit manufacture and sale of liquor, and vice conditions in general. As the result of this crusade scores of disreputable women are said to have left the city and twenty or more alleged bootleggers and manufacturers of liquor were taken in custody and turned over to the federal authorities. More than 1,500 gallons of liquor were seized when smugglers attempted to bring it ashore from vessels in the harbor.

The khaki-clad police also established a record in running down all classes of offenders, automobile speeders, petty thieves and other minor offenders appearing daily before the provost court, which replaced the corporation court.

Conditions necessitating the sending of troops to Galveston grew out of the strike of coastwise longshoremen, which began March 19, for an increase in pay. According to local union leaders approximately 1,700 men walked out when the strike order was given, and it is declared the striker's ranks have remained practically intact since that date.

Clashes Between Workers.

When the strike was less than a month old agents of the Mallory and Morgan lines attempted to utilize non-union labor in handling freight on the docks. Following a number of clashes in April and May between strike sympathizers and small forces of non-union workers, the steamship agents declared it impossible to maintain an adequate force on the docks and representations were made to the governor by the Texas Chamber of Commerce. Martial law then was declared.

Within two weeks after Texas troops shouldered the duty of protecting the waterfront steamship agents announced that conditions were approaching normal. When the troops arrived on June 7, thirty-five men were at work on the Mallory line docks, compared with a normal force of 800 men. The Morgan docks had 110 men at work the same day. Within a week the number of workers had reached abbout half of normal and in a fortnight the companies announced they had all the labor they could use.

Not at All Spectacular.

The application of martial law in Galveston was devoid of the spectacular and except for the appearance of the troops wearing side-arms an observer could detect no change in the city's physical aspect. Business men and representative citizens declare that General Wolter's handling of the situation was in accord with the best interests of the city—military regulations affecting the business life of the city being constructive, rather than restrictive, according to them.

Alleged malicious attacks upon the guard by a Houston newspaper are said to have caused the only untoward event during the term of military law. Three lieutenants, members of the plain clothes branch of the military police, unsuccessfully attempted to arrest G. V. Sanders at a dinner in Houston. Colonel Mayfield then provost marshal, shouldered responsibility for the incident. He was succeeded by Capt. O'Brien Stevens as provost marshal, and placed under technical arrest. Later a court martial, composed of staff officers of the national guard, acquitted him, the verdict being later approved by the governor.

Cigarettes Now Being Made Without Cubebs or Tobacco. No Nicotine—Nothing Habit Forming.

Contain Fragrant and Soothing Medicinal Herbs Which Smoke Perfectly.

This cigarette gives out a medicated vapor, which is inhaled and exhaled through lips or nose, with real contentment.

Not only does the smoker derive more pleasure, but there is a valuable remedial benefit. These cigarettes are an aid in warding off colds and give relief in throat irritations, hoarseness, catarrh of the head or throat, often stopping those roaring, buzzing or other head noises, of which colds and catarrh are the cause.

Dr. Blosser's cigarettes contain no cubebs, tobacco or habit-forming drugs and will not produce nervousness. Cost no more than other good quality cigarettes and at the same time you have a health benefiting, harmless, delightful smoke, that carries its medicated vapors into every nook and corner of the air passages, clearing up the head, nose and throat and enabling you to breathe freely and naturally.

Any well-stocked drug store can supply Dr. Blosser's Remedy in Cigarette form, or will order it for you. It is also prepared in powder form for smoking in a pipe. A trial package will be mailed post-paid by The Blosser Co., DH 27, Atlanta, Ga., for ten cents (coin or stamps) to prove what a delightful, soothing, satisfying smoke is—Adv.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it a trial and you will find this to be the case.

WORLD SERIES TODAY IN PARIS AT COZY THEATRE

At noon today in Paris the big annual base ball classic, the World's Series, will start. The first three games of the series will be staged at Brooklyn, starting at 2 o'clock New York time, but 12 o'clock by our time. Much speculation is being indulged in by the local fans as to the outcome of the series, with Cleveland as a favorite. Speaker, the Cleveland manager, is a native born Texan, and Rick Adams, the old time pitcher, is the man that got Tris his first job in professional base ball.

Speaker broke in with Corsicana as a pitcher under Doak Roberts. Tris didn't last long as a pitcher, but has been a sensational outfielder for years, being generally regarded as the peer of all the outer gardners, past or present. This is his second year as a manager, and the Texan is giving Cleveland the first pennant that city has ever had. The Cleveland club finished second last year, being nosed out the final games of the season by Dick Kerr and Co.

It is likely that Speaker will send his big pitching ace, Bagby, against Brooklyn this afternoon, while Brooklyn will most likely pin its hopes on Marquard of Sherrod Smith, both of whom are lefthanders. Cleveland has six or seven regulars who bat lefthanded, and it is to baffle these fellows that a southpaw will be used. With the exception of the pitching Cleveland outclasses Brooklyn in every department, if the dope on the two clubs can be considered. But the old dope gets some rude knocks sometimes and this may be one of them.

Complete returns of the game, play by play, will be received at the Cozy Theatre, and the bugs will get the usual thrills. A big crowd usually is in attendance as the results are being received and this year will prove no exception. The games will start promptly at 12 o'clock, local time, and will be handled by an expert, the News' Associated Press operator, F. W. Rentchler, being engaged to take the series for Mr. Musselman.

TO RUN THROUGH CAR.

The Texas Midland will operate through cars, Paris to Houston, Oct. 4, on account of the United Confederate Veterans Reunion, on morning train at 5:30 a. m. and afternoon train at 3:45 p. m.

The Doc said "50-50" on that "20-20"

I MADE a date,
WITH THE Insurance Doctor.
FIRST HE poked me.
THEN TICKLED my ribs.
HAD ME cough.
AND BREATHE and blow.
THEN HE listened in.
WITH HIS little trumpet.
AND MADE me run.
RIGHT IN one spot.
FOR FIVE minutes.
THEN LISTENED some more.
AND FIRST in one eye.
AND THEN in the other.
HE PLANTED his thumb,
AND MADE me read.
THE RUSSIAN prayer.
ON THE eye-sight card.
AND THEN wrote down.
"TWENTY-TWENTY.
THAT MEANS your eyes.
ARE SATISFACTORY."
AND I laughed and said,
"I CAN always see.
TWENTY-TWENTY, Doc.
MY CIGARETTES,
COST TWENTY cents.
FOR TWENTY smokes.
YOU BET your life.
THEY SATISFY, too."

IT doesn't take a "20-20" eye to "see the real value in Chesterfield's exclusive blend of fine Turkish and Domestic tobaccos. Your *taste* tells you that their quality is genuine—that the blend *is* different—that Chesterfields *do* "satisfy."

BOLL WEEVILS USED FOR FATTENING THE HOGS

BRONWOOD, Texas, Oct. 4.—Boll weevils in Brown county are fattening hogs and incidentally cotton fields infested by the worms are being rid of the pest.

W. B. Starley, a farmer near Blanket, Brown county, discovered that his hogs would devour the cotton squares which had been punctured by the weevils and fallen to the ground as a result. It is in these squares that the weevils deposit their eggs and leave them to hatch out for the next year's cotton crop.

Mr. Starley informed his neighbors of his discovery and now the cotton fields infested by the weevils have been marked off into pens and the hogs turned into them. Mr. Starley at one time had thirty-six hogs in one field. The hogs, it is said, do not disturb the green cotton stalks but root up the fallen squares only.

SCHOOL CHILDREN AT DALLAS FAIR, OCTOBER 15

DALLAS, Texas, Oct. 4.—Preparations are being made for the entertainment on October 15 of 100,000 school children and teachers of Texas, by officers of the Texas State Fair, according to an announcement by the officials. The children will be admitted free to the grounds and their entertainment will be in charge of a committee headed by Dan G. Fisher, of Dallas, which will meet out of town teachers and school children on their arrival and give them instructions as to further procedurs.

Exhibitors rapidly are filling the space alloted to them in order that nothing will be left undone in the opening day, October 9. Not the least of these exhibits are those from Mexico, many carloads of which have arrived and been installed at the fair grounds.

Definite assurance that General J. G. Trevino, secretary of the Department of Labor, Commerce and Industry, will visit the State fair and be the guest of the State and Dallas on International Days, October 16 and 17, has been received.

It also has been announced that unless circumstances prevent, General de la Huerta, will visit Dallas during the fair.

Back From Mississippi.

Rev. W. A. Wheeler has returned from Mississippi, where he spent the past two months holding Baptist revival meetings.

Regular Meeting Tonight.

The American Legion will hold its regular monthly meeting tonight. Important business is to be transacted and a full attendance is desired.
